

Garden bench New York 120 cm

OP-7751-VIEN

A. 2x

B. 7x

1. 14x

Be sure to carefully unpack the parts and place them on a soft surface, such as a blanket.

Then check all parts for damage before you begin assembly. Assembled products cannot be returned.

1

Secure 1 beam in the seat area and 1 beam in the back area (with a glue clamp using the marked points in the wood).

Pre-drill the holes in both beams.
Tighten the wood screws 3/4 of the way.

Place all other beams in the same way.

2

Check that all beams are in position, then tighten all the wood studs permanently (hand tight).

Mark the holes for your ground anchor, then drill the holes in the foundation.

Insert the dowels and screw all bolts 3/4 of the way down.

Check that your bench is standing properly. Then tighten all the bolts permanently (hand tight).
